

## Diabetic Foods

The amount of Americans with diabetes is staggering. A large number of these people are uninsured. In either case, we have a solution. We promote a company with a 15 year track record and numerous clinical studies that offers free phone consultation for diabetic weigh loss, cholesterol, and obesity issues. In addition, they provide you with cook books and meal plans that contain the proper protein, carbohydrate, and, fat ratios. They sell 85 different foods and 15 types of diabetic foods. For product purchases over \$200, shipping and handling is free.
